Old Business: The new repeater is in place thanks to KDØYTE, ABØDK, WBØZHB, KEØFOM, NRØQ

ABØDK explained tone and the reason for it. The new repeater swallows the first word so key the repeater for a second before speaking. Possible locations for the 440 repeater were discussed, Superintendent's tower or Truman State University. The old 440 requires a lot of work and is not staying on frequency. Discussion was held over the possibility of leaving the old hard line on the KTVO tower and adding a lower antenna for packet or APRS. There may be grant money from ACHD to purchase another antenna.

New Business: Field day starts at 1:00 PM June 22-1:00PM Jun 23, 2019. It was decided that we go for points this year. We will have a 4:00 gathering Saturday to thank ACHD for the 3 grants they have gotten for the club. KTVO, KYOU, and the Kirksville Dailey will be invited.
